

Science & Technology Facilities, Planning & Construction

We are the UK leader in the planning & construction of research, innovation & manufacturing facilities in the science & technology sector.

We specialise in laboratory enablement, building feasibility, compliant design & performance specifications with unwavering focus on scientific needs.

We help laboratory occupiers, landlords & property investors in the planning and re-purposing of their existing facilities into compliant and effective laboratories so they can pursue their goals in complete confidence.

Looking for laboratory design & performance specification?

Thinking of office/warehouse to laboratory conversion?

Need building adaptation for pre-let?

Planning laboratory upgrade?

Considering laboratory change of use?

Gene Therapy Co. | London

- Conversion of third & fourth floor London office space into high-quality BSL2 labs
- High quality finishes, environmental control, specialist gases & equipment

Gene Therapy Co. | Wembley

- Creation of cGMP compliant facility, flammable store, cold room & offices
- Development of URS, detailed design, validation & compliance reports

Environmental Analysis Co. | Abingdon

- Complex lab design & fit-out of industrial unit
- Co-ordination of specialist MEP services within constraints of existing building
- Initial design competition & feasibility study to assist in building selection

Vaccine Research Co. | Oxford

- Advice on the building's suitability for conversion from office to laboratory
- Design and fit-out of biotechnology laboratory for vaccine research

Quantum Computing Co. | Reading

- Design & fit-out of sophisticated Quantum Computing lab
- Creation of an ISO7 cleanroom
- Controlled area for several cryostat rigs, incl. power & data supplies with control units & cooling pumps

Drug Discovery Co. | London

- Design & fit-out of high quality BSL2 laboratories & offices
- Creation of stand-alone air conditioning to laboratory, enhanced drainage & power resilience

Why Bulb?

OUR EXCEPTIONAL ACCREDITATIONS

Constructionline, Gold Member, Safe Contractor, ISO 9001, ISO 14001

INDUSTRY MEMBERSHIP

UKSPA, OBN, RSC, ISPE

IMPRESSIVE EXPERIENCE SPAN

Collective team experience of >200 years

DELIGHTED CLIENT TESTIMONIALS

Remarks such as Professional, Impressive, Detail-oriented, Helpful...

INDUSTRY RECOGNITION

OBN Awards, 'Best Sector Support Organisation' category Finalist in 2019 & Nomination in 2020

Our Values

1
Science
First

2
Quality
Given

3
Relationship
Matters

4
